Attachment A**Communication Disorders and Sciences**

Title: Proposed Revision to the Undergraduate CDS Major

Requested Change: Delete the requirement of "PSY 3765 or 3780" from the undergraduate CDS major; replace with elective.

Current Catalog Listing: Major requirements list the following PSY courses: PSY 1879G, 3765 or 3780, 4515 or SPE 3000, and ELE 2320 or PSY 3515

Rationale for Change: Previous certification standards required specific course hour requirements in content areas. New accreditation standards specify content areas without specific hour requirements. The PSY 3765 or 3780 was meeting a requirement of specified hours in social sciences; deletion of this specific course provides students with more flexibility in choosing an adjunct content area or applying hours toward a minor.
